# Mohamed Said

Senior Video Editor | Generative AI Video Editor | Videographer

Dubai, UAE | +971 52 462 7678 | hello@bnsaied.com | Showreel & work: bnsaied.com/video

## PROFESSIONAL SUMMARY

Senior video editor and videographer with 7+ years of experience across short films, brand and product ads, events, interviews, YouTube and social media. Editor of short films for UNFPA and Memory Film, and of event, interview and ad content for clients including Saudi Arabia's Ministry of Finance (Euromoney event), L'Oréal (Dercos) and ON-TIME Centre. At Dalilk Academy I lead the production of around 50 pieces of content a week, plus live events with 30,000+ attendees. I use generative AI as part of the edit: fully AI-generated ads and awareness films, AI image and video generation, AI voice and sound design, and AI clean-up of footage, using Magnific, Higgsfield, ComfyUI and ElevenLabs. I also build my own tools to speed up editing.

## SKILLS

**Editing & post:** Adobe Premiere Pro, After Effects, motion graphics and animated captions, colour grading, sound design and mixing, multicam editing, Arabic and English subtitles, vertical (9:16) and long-form delivery

**Generative AI video:** Magnific, Higgsfield, ComfyUI, ElevenLabs (voice-over, voice changing, sound effects), AI image generation, image-to-video and text-to-video models (Seedance, Runway), AI clean-up such as removing burned-in captions, upscaling and background removal

**Production:** Camera operation, event and podcast filming, B-roll, lighting, location and set preparation, food styling, live-stream and Zoom event production, multi-camera setups, shot planning for course filming

**Workflow:** Editing pipeline automation (task intake, Premiere project setup, render delivery), searchable B-roll library, Premiere and After Effects templates (MOGRT), content calendars

## EXPERIENCE

### Senior Video Editor

Feb 2023 – Present

*Dalilk Academy (Dalilk4IELTS), Ajman Free Zone, UAE*

- Lead video production for the academy's social media, YouTube and paid courses: around 50 content pieces per week across Reels, TikTok, YouTube and course lessons.
- Edit course promos, event ads and talking-head content with motion graphics, animated Arabic captions, sound design and B-roll.
- Film events, podcasts and B-roll for the academy's presenters Abdulrahman and Ahmed Hijazy across Saudi Arabia and the UAE: the Al-Tumooh Forum 2025 in Jeddah, university events in Jeddah, Riyadh and Dammam (Arab Open University), Dubai events, and two-camera podcast shoots.
- Produce live events on Zoom with 30,000+ attendees, including locations, gear, and live-stream scene switching.
- Use generative AI in daily editing: AI-generated illustrations and B-roll (Magnific), AI video generation and editing (Higgsfield, ComfyUI), AI voice-over and sound effects (ElevenLabs), and AI clean-up of supplied footage, such as removing burned-in captions.
- Automated the editing pipeline (task intake, Premiere project setup, render delivery) and built a searchable library of 6,778 B-roll clips, so editors find the right shot in seconds.

### Generative AI Video Editor

2025 – Present

*Independent and client projects, UAE*

- Created fully AI-generated films with no camera footage: a brand ad for Backyard coffee, a bilingual Arabic/English fraud-awareness film, and a cinematic character piece.
- Wrote the prompts, generated and selected shots, kept characters and style consistent across shots, then edited, graded and finished sound and captions in Premiere Pro and After Effects.
- Built a MetaHuman avatar and speech pipeline for a live Arabic/English mall kiosk for RA Store (UAE).

### Content Creator

Feb 2022 – Feb 2023

*MyStation (restaurant group incl. Cards Restaurant), Sharjah, UAE*

- Shot and edited videos and reels for 10 restaurant brands and came up with ideas made to go viral in food and beverage.

- Directed food styling with chefs for photo and video shoots, and planned monthly content calendars.

**Filmmaker** Aug 2019 – Feb 2022

*RedCap Productions, Alexandria, Egypt*

- Shot and edited short films, ads, events and interviews from brief to delivery, including short films for UNFPA and Memory Film.
- Prepared camera gear and locations, edited raw footage, and delivered final videos on schedule; reached out to new clients.

**Videographer** Mar 2020 – Feb 2022

*Alexandria University, Alexandria, Egypt*

- Filmed and edited university videos for social media, from planning the shoot to final delivery.

**Creative Director** Mar 2020 – Nov 2020

*Ededia (e-learning platform), Alexandria, Egypt*

- Produced and directed 100+ educational videos for paid courses and planned the six-month content framework.

## SELECTED WORK

**Short films:** "El Dor Ala Men" (UNFPA); "El-Ankabot" and "Ela Ma La Nehaya" (Memory Film).

**Events & interviews:** Al-Tumooh Forum 2025 (Jeddah) and university events in Saudi Arabia for Dalilk Academy; Euromoney event for Saudi Arabia's Ministry of Finance; PUBG event and interviews for ON-TIME Centre; Dercos doctor interview for L'Oréal.

**Ads & social:** Lenovo product spec ad (unofficial); Ferrari paint-protection film reel for an auto detailing studio; luxury interior tour; course and workshop ads for Dalilk Academy.

**ArabAI School:** Planned and filmed a 98-lesson Arabic course, ordering lessons by camera setup to cut the shoot down to five setups.

## EDUCATION

**BBA, Management Information Systems, Alexandria University** 2016 – 2020

## LANGUAGES

Arabic (native), English (fluent)
